|---------|-----------------------------------|---------------|---|--|----------------------------|
| 1       | Radiological Physics              | III/3         | Class notes were not shared with students. Interaction was weak | Faculty was new and was not aware of the protocols of the University. Faculty was guided and underwent FDP for better delivery of the course |                            |
| 2       | Applied Anatomy and Physiology    | III/3         | Due to online classes many topics were not clear to students    | Revision classes were conducted  |                            |
| 3       | Studentship (DCE)                 | III/3         | Students demanded for more interaction in hospital by faculty   | A adjunct faculty from the hospital was appointed for training of students on all practical aspects  |                            |

How could the Course delivery be improved?

- > Be more approachable. Understand the students situation and problems. Time management. Reduce your arrogance.
- > Really worst till date .no ppts available for reading that to received forcefully after exam .teaching is not good. She is not polite and friendly wt students.
- > NO COMMENTS SIMPLY WASTE??
- > More interactively and more patience and kindness towards students is needed .....
- > Lectures have to be more understandable and we want the lecturer to be student friendly. Course notes and presentations should be provided timely.
- > Should learn some manners towards students .. should adapt some patience .....should learn to talk using polite words .... finding very difficult to cope up with her.....
- > Teaching and notes were helpful.
- > Fyn
- > There's no bond between us and u
- > Not satisfied with lecturing team not the lecturer Could find a better deserving
- > Imp questions are not given. And the questions are tough for exams.
- > Need to provide important ques more okay
- > Provide ppts after lecture class
- > Not at all good
- > Already complained regarding this faculty and nothing has changed ... still facing issues
