## Director's Message

Just imagine... you get up one fine morning and find the entire world order has changed. Schools and colleges, shops, commercial complexes, hotels, restaurants, offices are all closed, no vehicles on the streets, no hustle bustle anywhere and everyone is at home...Yes! This nightmare has actually come true and has that left us with an ineradicable mark in the human history due to the uncertainties caused because of COVID 19 Pandemic. The virus disrupted lives of people across the continents and it literally *locked down* people in countries, cities, towns and in their homes.

During Covid19, an unprecedented pandemonium in human history, every responsible institution of higher learning is striving hard to reorganize its systems and strategies in order to meet the needs of its students and faculty but maintaining student engagement right now is a top priority and is recognized as a leading challenge. The Directorate of Student Affairs (DSA) of Ramaiah University of Applied Sciences whose primary objective is to support the students with their diverse needs, facilitates innovative co-curricular and extra-curricular experiences that augment physical, mental and social well-being. But in this 'New Normal', there was a great danger lurking around us, had we not found constructive, and healthy ways to

cope and our bodies and minds would eventually start showing signs of stress taking its toll. Student Affairs Team understood that current strategies of student engagement must be now adapted to a world in which the students are not there in the campus, neither are unable to socialize nor undertake any physical activity and came up with various ways of student engagement. In the issues of VIBES...we try to give you a glimpse of all such activities that we organized for the students' mental and physical well-being.

The COVID 19 pandemic has taught us that we need not reinvent the wheel but must acclimatize ourselves in riding it on different terrains. We must keep our innovative hats on always, must leverage technology to the maximum in order to make things happen in this new world order and must always keep the physical and mental well-being of students at heart while providing high quality education.

Happy Reading!  
Regards,

**Dr. Reema Chaudhury**

## Potpourri... a series of events, competitions, workshops and webinars for students

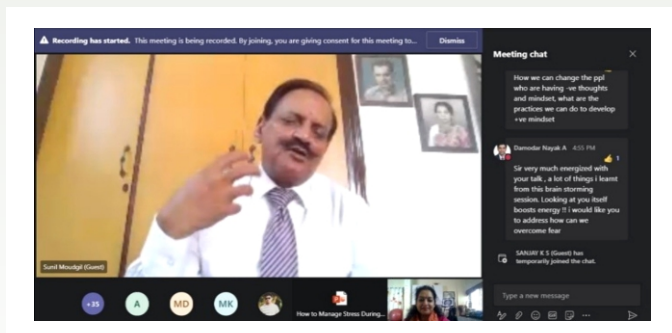

In this 'New Normal', there was a great danger lurking around us, if we don't find constructive, healthy ways to cope with the stress and anxiety, our bodies and minds will eventually start showing signs that stress is taking its toll. This is especially true of students who were missing the campus life – attending classes, making new friends and chilling out with them, making mischiefs and even playing pranks in the class and so on. The Directorate of Student Affairs came up with a concept called POTPOURRI ...a series of online webinars, events, workshops and competitions to keep the students connected and engaged with the University. The following events, webinars, competitions and workshops were organized during the quarter (Mar-June, 2021)

## How to manage stress during COVID...

As part of our Healthy@home Webinar Series, the Directorate of Student Affairs organized a session named: How to manage stress during COVID... on 25th May, 2021 (Tuesday) from 4PM to 5 PM by Brig. Sunil Kumar Moudgil (Retd.)

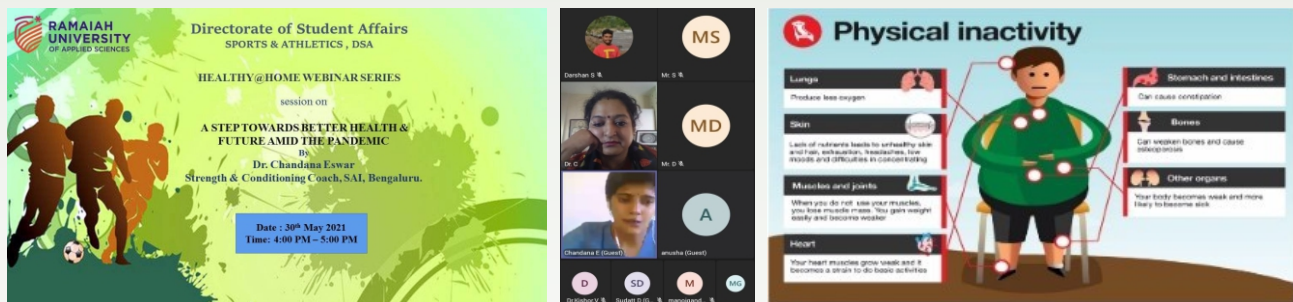

## Holistic Approach to Life through Integrative lifestyle during Pandemic

Lifestyle related diseases are the leading cause of suffering today. Even behind the current pandemic, the human behaviour and lifestyles are attributed to the origin as well as the spread of the disease. In these times of stress and anxiety, the right behaviours and lifestyles are critical in prevention of further aggravation of the situation. How do we best address this lifestyle issue? How do I adopt a lifestyle that enhances health and wellbeing? In the current times of uncertainty and stress, how do I care for my body, mind and spirit in a holistic manner? Are there simple tools and tips to practice them in my day to day life? In order to explore these questions, DSA organised a 3 day workshop "Holistic Approach to Life through Integrative lifestyle during Pandemic" as part of Healthy@Home Webinar Series for students and staff. Dr. Krishnamurthy Jayanna, Dean, Faculty of Life and Allied Health Sciences. RUAS conducted this workshop successfully. It was attended by 150+ students, faculty members and staff enthusiastically attend this 3 day workshop and shared a positive feedback for the same.

## World Music Day

On the occasion of World Music Day which is celebrated on 21st June every year, a musical evening “Swaar Ragini” was organized by students of Music Club “Euphony” of Ramaiah University of Applied Sciences. The special guest of the evening was Ms. Supriti, Karnataka State Advisor, SPIC MACAY. It was an online event.

The program started with a welcome address by Dr. Reema Chaudhury, Director Student Affairs. This was followed by an invocation song. Pre-recorded videos of students performing on musical instruments and singing was shown. A total of 15 entries was received which was played in 3 sets of 5 each. After each set was played, the students who gave the performances introduced themselves to the audience. In-between, live singing was performed by Mr. Nagaraj T who is a staff of the University and also a professional singer.

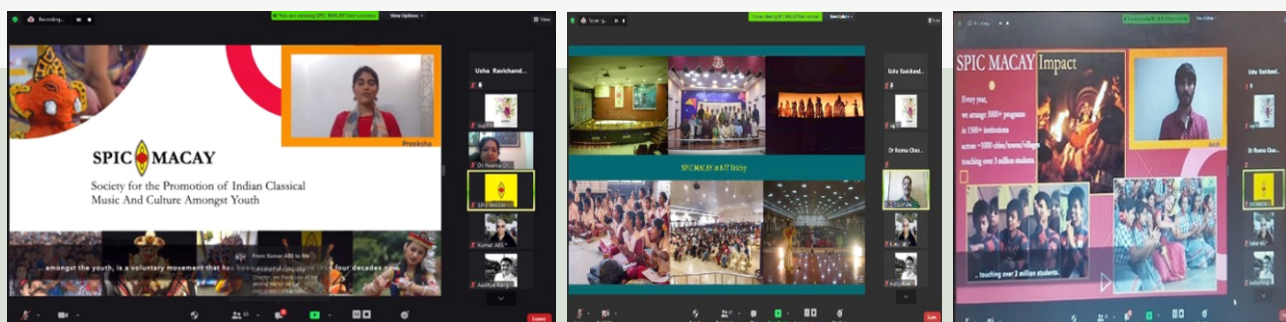

The entire program was conceived and executed by the members of Music Club. The closing remarks was given by Ms. Supriti who appreciated the efforts put in by the students.

## Inauguration of SPIC MACAY Chapter of RUAS

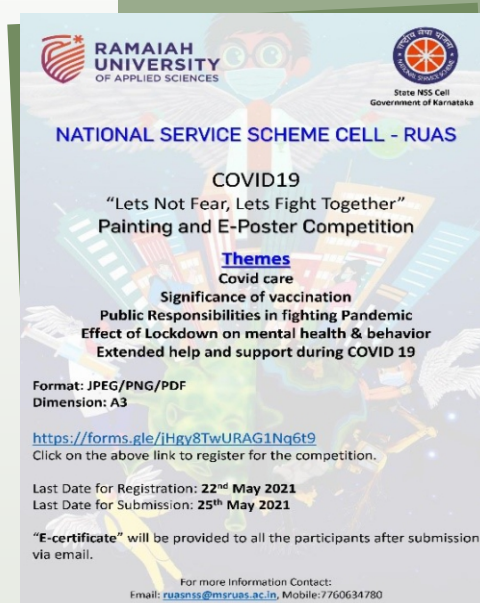

The Society for the Promotion of Indian Classical Music and Culture Amongst Youth, is a voluntary youth movement which promotes intangible aspects of Indian cultural heritage by promoting Indian classical music, classical dance, folk music, yoga, meditation, crafts and other aspects of Indian culture and also helps young people develop an integrated and holistic perspective of the world. RUAS got associated with SPIC MACAY this year and as part of the on-boarding process, an orientation program was held exclusively for our University students and staff by SPIC MACAY on Saturday 17th April, 2021 from 11.00 AM to 12.30 PM. During the orientation program, the speakers threw light to the history, objectives and philosophy of SPIC MACAY and also shared about Heritage Club at Higher Educational Institutions. Videos on Volunteerism were played in this interactive session which was attended by students and Faculty Cultural Coordinators.

## Let's connect... A Virtual OPEN HOUSE Session

An OPEN HOUSE chaired by the top management leadership team for the students all across the Faculty was planned and as a part of this session, the Directorate of Student Affairs was entrusted with the task of conducting a survey so that an overall understanding of students' concerns during this pandemic could be assimilated and addressed effectively during the meeting. The link to the survey form was shared with students and a total of 1473 responses were received.

The overall impression of the students that was inferred from the survey for online teaching was positive though there were some pertinent technical hurdles.

Subsequently an online meeting was held on 5th June, 2021 to discuss and deliberate on the findings and to summarize the action plan to be presented to the students during the Open House. This meeting was presided by Vice Chancellor and was attended by PVC Research, PVC Health Sciences, Registrar, Controller of Examination, Director Academics and Director Student Affairs. A total of 847 students attended the session.

Students appreciated the fact that the University lent an ear to their problems and were satisfied to hear many positive answers to their queries. Many students congratulated their respective teachers who went out of the way to help them during the online teaching mode.

Special thanks to  
**Mr. Chiranjith Barui, Asst. Prof. FAD** for designing the cover page
