Subject: Mandatory students Registration with Academic Bank of Credits (ABC) and Updating ABC ID in ERP Portal

Dear Students,

This is to inform you about an important requirement from all students of the university. It is mandatory for each student to register with the Academic Bank of Credits (ABC) and update their ABC ID in their respective ERP portals.

The Academic Bank of Credits is a centralized system that records and tracks the academic achievements and credits earned by students throughout their academic journey. It serves as a comprehensive repository of your academic progress and facilitates the seamless transfer and recognition of credits across various academic programs and institutions.

To ensure compliance with this requirement, we kindly request all students to complete the following tasks:

Registration with ABC: Visit the ABC registration portal <https://www.abc.gov.in/> and complete the registration process by **selecting our university**. Please ensure that you provide accurate information and follow the instructions provided on the portal.

Updating ABC ID in ERP Portals: After successful registration with ABC, log in to your respective ERP portals <http://ruasportal.msruas.ac.in/login.htm> and update your ABC ID in the designated section next to AADHAR information. Event Aadhar information is mandatory to enter. This will ensure that your academic records are synchronized with the ABC system.

We would like to emphasize that this task is crucial for maintaining accurate and up-to-date academic records, as well as facilitating credit transfers and other academic processes. Therefore, we request your prompt attention and cooperation in completing this task.

It is advised that all students complete the registration and update process by **July 31st, 2023**.

All Deans to ensure this notification is promptly displayed on notice boards and send to all mentors & Class reps to circulate on their respective groups.

Dr G S Venkatesh

Registrar-RUAS
