CIRCULAR

The postgraduate training programme 2022-23 will be conducted from 13th to 15th & 27th to 29th December 2022 from 09.00 to 4.30 pm daily as per programme attached. Postgraduates will be divided into two batches (I –II) and sessions would be conducted for batch I & II.

Registration for the programme is between 08:45 to 09:00 am on the first day at the venue. All the PG students are instructed to be present in time for the commencement of the program (PG's batch attached).

HOD's of all departments are requested to inform the PG students and make arrangements to mandatorily relieve the postgraduates during the PG training programme. HOD's are requested to spare the services of the MEU members from 13th to 15th & 27th to 29th December 2022 to ensure smooth conduct of the PG training programme.

Note:

1. All PGs should bring their laptops with compatible PS2 drive on day 3.
2. All PGs should fill in an Anti-Ragging affidavit as it is mandatory as per the Hon. Supreme court and UGC/AICTE Regulations. This will be filled on the two days, as per program sheet. To make the process easy MHRD has developed an online facility. Affidavits can be filled online @: www.amanmovement.org OR www.antiragging.in
3. PGs arriving late will not be given attendance.

Venue: MEU skill hall, ground floor.
Ramaiah Medical College building.

Background

Medical Education Unit of Ramaiah medical College conducts training programme for the newly admitted postgraduate students. Postgraduates from all the departments are mandated by the institution to complete the training programme.

The objective of this training is to familiarize the newly admitted postgraduates regarding:

- Postgraduate rules and regulations of the University
- rules and regulations of the institution
- timelines for mandatory submissions to the university (Synopsis and dissertation)

- infrastructure facilities that are available and can be used by the postgraduates
- introduction to research methodology
- Orientation to the hospital policy and accreditation processes
- study skills required for the postgraduate course
- expectations of the institution
- reiteration of written and oral communication skills

Process:

The training program was conducted in two batches of 70 each. The modality of training was a mix of didactic sessions and group activity. Postgraduates were divided into 8 groups of 9 in each group. Each group there is a mix of postgraduates from both para, pre and clinical. The program schedule for the training program is given below

The program:

The training program started with a pre-test and breaking the ice with the postgraduates introducing their colleagues and team members. The general rules and regulations as mandated by the university and the institution was appraised by the dean.

The postgraduates were given an overview of seminar and journal club as teaching learning methods. These are the two methods that are mandated by the University for all the Postgraduate Courses. Each group of postgraduates were allocated a journal article to discuss and critique the article, the groups were asked to make a presentation of the journal critique on day three.

The topics of pertaining to administrative aspects such as hospital policy, role of postgraduates in accreditation process, the bio medical waste management process followed in the hospital, the infection control policy and practices was discussed by the respective faculty members.

Medical Education unit in collaboration with division of Research and patents gave an overview of the research methodology. Half a day session was allocated to the same. The faculty members appraised the students about research, how to go about selecting the topic for research, how to go about doing a literature search, the different study design that are applicable for different kinds of research and the statistical plan of analysis was discussed by the faculty members.

Dissertation and synopsis are a part of postgraduate curriculum. Before the students attempted synopsis writing they were trained in research methodology. The guidelines for writing synopsis and dissertation was discussed.

The importance of written and oral communication was discussed at length. The students were given an activity to emphasize on the nuances of written and oral communication.

Etiquette that needs to be followed in the OT and the safety precautions that are to be taken was discussed with the postgraduates.

Ethics and Professionalism is now a part of undergraduate curriculum, these aspects were also emphasized in the training program. The modality for training the students for ethics and professionalism was mostly case based discussion.

Guidelines for handling medico legal cases was discussed by the faculty members from the department of Forensic medicine. Patient safety and medication errors and the precaution that are to be taken to prevent medication errors was also discussed.

Health economics topic was introduced in 2021 training program, the basic concepts of general economics and health economics was discussed in this session.

Simple techniques of stress management and self-directed study and principles of adult learning was also discussed.

The training ended with a post test and distribution of certificates.

The session feedback was collected from the postgraduate students. The comparison of pretest and post test scores is given below.

The list of participants are as follows:

Batch I: 05th to 07th April 2022

EVENT REPORT
INTERNS INTENSIVE TRAINING PROGRAM
APRIL 28th & 30th, 2022

Organised and conducted by:

Medical Education Unit, Ramaiah Medical College

Chairperson:

Dr. Medha Y Rao, Principal & Dean, Ramaiah Medical College

Coordinator of MEU:

Dr. Chandrika Rao, Professor of Paediatrics, Ramaiah Medical College

Resource persons:

1. Dr Medha Y Rao
2. Dr. A.G Prathab
3. Dr. Nanda Kishore Alva
4. Dr. Beena
5. Dr. Krishna Murthy
6. Dr. R. Mythreyi
7. Dr. Vijayadas
8. Dr. Shaikh Mohammed Aslam S
9. Dr. Harish K
10. Nursing superintendent
11. Dr. Aruna C. Ramesh

12. Dr. Narayanaswamy
13. Dr. Ashwin Kulkarni
14. Dr. Sreekar Pai
15. Dr. Soumya Ramani
16. Dr. Shravan Y.C
17. Mr. Ramesh Debur
18. Dr. Pradeep GCM and Team

Venue:

Council hall, M.S Ramaiah Medical College

No. of Participants: 141

OBJECTIVE: To intensively train the interns directed at achieving adequate attitude, knowledge and skills to be a part of the team in efficiently delivering better patient care.

The program started with:

- Dr Prathab AG, Registrar Academics and HOD of Microbiology, who emphasised on discipline, punctuality and integrity while doing internship. The interns should also respect the hierarchy and work as a team in the best interest of the patient.
- Dr. R. Mythreyi, Senior Resident of Radiology, introduced the basics regarding X-ray, IV urology and Hysterosalpingography along with imaging such as ultrasound, CT and MRI in clinical practice with correlation to clinical findings.
- Dr Aruna C Ramesh, HOD of Emergency gave an insight to giving service 24x7 and 365 days wherein the initial triage is done for all specialities and

subspecialties. The same is inculcated at all levels to give best care in reducing the mortality and morbidity of all patients of all specialities. The department also provides to all interns for emergency care and life support aimed to recognise critical illness and injuries, resuscitation and provide effective stabilisation and safety of patients of all specialities and sub specialities.

- Principal and Dean, Dr Medha Y Rao gave an insight to interns regarding clinical approach to the students for their commitment and proactiveness during internship. Evidence based active learning in the wards and passive learning in the hospital setup was also emphasised so as to make the interns better trained at the end of their internship.
- Professor of Microbiology, Dr Banashankari introduced health care associated in localised and systemic conditions in preventing hospital acquired and surgical site infections with hand hygiene, PPE , sterilisation, disinfection, standard precautions and appropriate waste disposal. The interns were advised to have responsible attitude in filling the details of patients, collection of samples and reports at the right time and prioritising of samples of critical patients.
- Medical ethics and professionalism – was directed at standard behaviour in profession with moral values and judgement. The pillars of medical ethics were highlighted and beneficence, non-maleficence, justice, equality and patient autonomy with relevant case scenarios.
- Oral communication given by Assistant professor in Orthopedics- Dr Shravan impressed upon the objective to bring in behavioural change towards effective communication during this period of internship and internalise this behaviour later on as well. The interns were made aware of humane approach and when adequately informed the patient is more satisfied and compliant for the advice given. The same was demonstrated with role play and interactive session.
- Written communication by Professor of medicine – Dr Vijayashree. The concept of medical documentation would contribute to medicolegal

aspect research and training with adequate case scenarios and examples and importance of documentation was impressed upon.

- Associate Dean and HOD of Surgical Oncology- Dr Harish K highlighted the roles and responsibilities to fulfil the requirements of NABH with examples of complexity of the system and to adapt as per requirements. It was emphasised that better understanding of NABH would reduce the risk of medicolegal implications of self and institution at large.
- Dr. Ashwini C.A, Associate Professor of Anatomy briefed the interns about E-Portfolio. She briefed about the necessity and benefits of maintaining a portfolio. Guidelines as given regarding collection of evidence and narrative reflection to be written and submitted at the end of postings (General Medicine, General Surgery, OBG, Orthopedics and Paediatrics). The format and linked to upload the E-portfolios to be shared shortly by official communication.
- Biomedical waste symposium by Nursing Superintendent was aimed at practical practice of disposal of various hospital waste as per rules of Government of India and Ministry and Climate change 2016. The various colour codes and materials to be disposed were introduced so that they could be practiced during the period of training. The departmental activities like collection of biomedical waste, transportation, weighing with barcode during the transport, immunisation of employees with adequate monitoring and auditing were discussed so as the interns would be a part of the team in implementation to fulfil the requirement.
- Dr. Pradeep, Professor of Paediatrics, conducted a practical session on neonatal resuscitation. He demonstrated the steps for neonatal resuscitation on manikins at the advanced learning centre. The interns were then given an opportunity to practise the technique by themselves.

The list of participants are as follows:

1	10M0435	VIVEK SONI
2	10M0445	RAJIV ROY

CIRCULAR

The postgraduate training programme 2022-23 will be conducted from 13th to 15th & 27th to 29th December 2022 from 09.00 to 4.30 pm daily as per programme attached. Postgraduates will be divided into two batches (I –II) and sessions would be conducted for batch I & II.

Registration for the programme is between 08:45 to 09:00 am on the first day at the venue. All the PG students are instructed to be present in time for the commencement of the program (PG's batch attached).

HOD's of all departments are requested to inform the PG students and make arrangements to mandatorily relieve the postgraduates during the PG training programme. HOD's are requested to spare the services of the MEU members from 13th to 15th & 27th to 29th December 2022 to ensure smooth conduct of the PG training programme.

Note:

1. All PGs should bring their laptops with compatible PS2 drive on day 3.
2. All PGs should fill in an Anti-Ragging affidavit as it is mandatory as per the Hon. Supreme court and UGC/AICTE Regulations. This will be filled on the two days, as per program sheet. To make the process easy MHRD has developed an online facility. Affidavits can be filled online @: www.amanmovement.org OR www.antiragging.in
3. PGs arriving late will not be given attendance.

Venue: MEU skill hall, ground floor.
Ramaiah Medical College building.

Background

Medical Education Unit of Ramaiah medical College conducts training programme for the newly admitted postgraduate students (2022-23 Batch). Postgraduates from all the departments are mandated by the institution to complete the training programme.

The objective of this training is to familiarize the newly admitted postgraduates regarding:

- Postgraduate rules and regulations of the University
- Rules and regulations of the institution
- Expectations of the institution
- Timelines for mandatory submissions to the university (Synopsis and dissertation)
- Infrastructure facilities that are available and can be used by the postgraduates
- Orientation to the hospital policy and accreditation processes

- Introduction to research methodology
- Study skills required for the postgraduate course including use of AV aids
- Reiteration of written and oral communication skills

Process:

The training program was conducted in two batches of 70 each. The modality of training was a mix of didactic sessions and group activity. Postgraduates were divided into 8 groups of 9 in each group. Each group there is a mix of postgraduates from both para, pre and clinical. The program schedule for the training program is attached. The resource persons for the training programme included MEU members as well as faculty members in the institution.

The program:

The training program started with a pre-test and breaking the ice with the postgraduates introducing their colleagues and team members. The general rules and regulations as mandated by the university and the institution was appraised by the dean.

The postgraduates were given an overview of seminar and journal club as teaching learning methods. These are the two methods that are mandated by the University for all the Postgraduate Courses. Each group of postgraduates were allocated a journal article to discuss and critique the article, the groups were asked to make a presentation of the journal critique on day three.

The topics of pertaining to administrative aspects such as hospital policy, role of postgraduates in accreditation process, the bio medical waste management process followed in the hospital, the infection control policy and practices was discussed by the respective faculty members.

Medical Education Unit in collaboration with division of Research and patents gave an overview of the research methodology. Half a day session

was allocated to the same. The faculty members appraised the students about research, how to go about selecting the topic for research, how to go about doing a literature search, the different study design that are applicable for different kinds of research and the statistical plan of analysis was discussed by the faculty members.

Dissertation and synopsis are a part of postgraduate curriculum. Before the students attempted synopsis writing they were trained in research methodology. The guidelines for writing synopsis and dissertation was discussed.

The importance of written and oral communication was discussed at length. The students were given an activity to emphasize on the nuances of written and oral communication.

Etiquette that needs to be followed in the OT and the safety precautions that are to be taken was discussed with the postgraduates.

Ethics and Professionalism is now a part of undergraduate curriculum, these aspects were also emphasized in the training program. The modality for training the students for ethics and professionalism was mostly case based discussion.

Guidelines for handling medico legal cases was discussed by the faculty members from the department of Forensic medicine. Patient safety and medication errors and the precaution that are to be taken to prevent medication errors was also discussed.

Simple techniques of stress management and self-directed study and principles of adult learning was also discussed.

The training ended with a post test and distribution of certificates.

The analysis of pre and post test scores showed an average of 22.9% improvement in the scores for the batch of postgraduates who attended the training from 13th – 15th December 2022, however the second batch of postgraduates who trained from 27-29th December 2022 showed an average improvement of 17.2%.

The session feedback was collected from the postgraduate students. All the sessions were well appreciated by both the batches of postgraduates.

The list of participants are as follows:
