### **Important information about the fellowships**

**COURSE BOOK** The course book carries all information prospective fellows need to know about the fellowships, like the practical issues and information that is specific to each location. **Please read the relevant sections in the course book carefully, as they will answer the vast majority of any questions you might have.**

These fellowships are organised by a small but enthusiastic non-profit organisation. Their time is limited. We ask you to actively and extensively explore other sources of information (like the course book and our website) before you start sending questions to our organisation as we like to prevent our secretaries having to spend time answering unnecessary questions. Questions with regards to practical issues of the stay at each unit will have to be directed to the contact person of the unit.

**FINANCES** There will be no salary available. We have made an effort however to keep the costs of accommodation to a minimum. Please check the course book for further details as they differ per location.

**BE AWARE** In order to prevent last minute cancellations, you will be required to send an email to the unit you are visiting **no later than 8 weeks before your starting date**. In this email you will have to provide the following:

- a) Proof of intention of travel (your airline ticket)
- b) Proof of Visa (when applicable)
- c) A signed copy of our accommodation agreement (when applicable)
- d) Transfer of deposit for accommodation (when applicable)

If you fail to confirm your fellowship by providing us with these items, your fellowship position will be cancelled. As the number of applications for these fellowships exceeds the number of available postings by a considerable margin, I hope you'll understand that people from the waiting list will then get the opportunity to step in.

### **CERTIFICATE & FEEDBACK**

Upon successful completion of the fellowship period, each fellow is entitled to an official certificate stating their fellowship status. This certificate will be sent to you via email, only after you have provided us with a short practical overview of your fellowship which could be used as a reference on our website.

Dear Dr N

**2021/01 MRCP(UK) Part 1**

We are writing on behalf of the three Royal Colleges of Physicians of the United Kingdom to congratulate you on your success in the 2021/01 MRCP(UK) Part 1 Examination.

**Name:** Dr Srikanth N  
**Code Number:** 351138  
**Exam Number:** 6321  
**Examination Result:** PASS  
**Examination Scaled Score Overall:** 615.00  
**Examination Pass Mark:** 540.00

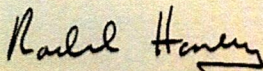

Candidates' results are processed using a method called 'equating'. This method makes results comparable between all MRCP(UK) Part 1 examinations.

Candidates' scores and the passing score established by MRCP(UK) Research Unit, in consultation with NBME psychometricians and approved by the MRCP(UK) Part 1 Board, are reported as a 'scaled score.' This score is a number between 0 and 999, which takes into account the number of questions a candidate answers correctly and the relative difficulty of the examination.

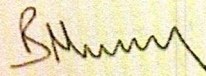

You now have seven years from the date of the exam you have just passed in which to pass the MRCP(UK) Part 2 Written and Clinical (PACES) Examinations. If you do not succeed in passing the Part 2 Written and Clinical (PACES) examinations within seven years you will be required to take and pass Part 1 again. The number of attempts allowed for each MRCP(UK) examination is limited to six, however, you may be able to apply for an additional attempt with the support of your educational supervisor.

Please see our website [www.mrcpuk.org](http://www.mrcpuk.org) for information on future examination dates and application periods. On the website you can also download application forms or apply for future examinations online.

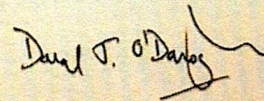

Yours sincerely
