ABOUT RUAS

The Ramaiah University of Applied Sciences (RUAS), a state Private University aims to focus its programs on student-centric higher education. Students can expect to experience an integrated approach to academics, research, training, real-life problem-solving, and entrepreneurship.

The University, at present, offers undergraduate, postgraduate, and doctoral programs in Engineering and Technology, Medical Sciences, Physiotherapy, Nursing, Social Sciences, Art and Design, Management and Commerce, Hospitality Management and Catering Technology, Pharmacy, Dental Sciences, Mathematical and Physical Sciences, and Life and Allied Health Sciences.

ABOUT INNOVATION DAY

Innovation Day is celebrated to commemorate the birth anniversary of the former President of India, Bharat Ratna Late. Dr. A. P. J. Abdul Kalam. Innovation day is "to encourage young people to be creative and innovative." While the day focuses on those in their formative years, innovation need not stop with maturity and those who are older may both encourage the young and dabble in their own innovation.

We at RUAS, focus on transforming innovative ideas for a better tomorrow. This year at Innovation Day, we acknowledged the students' technologies and solutions by presenting them with best project awards.

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge, knowledge makes you great”

---- Dr. A P J Abdul Kalam
