Entrepreneur and founder - SALVO

Registration : Free for all participants

2024

10 am to 12 PM

Faculty of Dental Sciences,
1st Floor - Gurukula

About the Resource Person

Dr. Karnav Patel is an Oral and Maxillofacial Surgeon turned Entrepreneur and founder of SALVO, a brand which is actively involved in crafting sterile surgical gowns, surgical drapes, scrubs, aprons and much more for the healthcare industry. He has worked in Head and Neck Oncology Department at few hospitals in Ahmedabad before he began his Entrepreneurial Journey. With in-depth knowledge and adequate experience of surgical domain, SALVO is able to create products which helps to maintain asepsis of the surgical site region. They cater hospital, pharmaceutical as well as food industry for workwear. Salvo has supplied its products to almost all states across India and exported to few countries. He will share his experience and insights to help healthcare professionals to convert their innovative ideas into reality. He shall discuss the steps involved to start a startup and how the government is supporting the startups. He has given valuable guest lectures at various Medical, Dental and Engineering colleges regarding startups and innovations. He has received various government awards and grants for this work in the Startup ecosystem
