Chancellor's Message

It is indeed a moment of pride and content that the Ramaiah University of Applied Sciences is celebrating the Seventh(7th) Convocation-2023.

My dear young learners, I am sure you have a sigh of relief at the conclusion of a rather arduous and complex journey, which demanded every minute of your time. But I would like to caution that the process of learning is a continuous one.

The type of developments that are occurring currently in the nation and the world is such that continuous updating of your knowledge as lifelong learners is crucial. The ancient Indian wisdom, reflected in the following Subhashitam sloka is apt in this context:

“आचार्यात् पादमादत्ते पादं शिष्यः स्वमेधया ।

सब्रह्मचारिभ्यः पादं पादं कालक्रमेण च ॥

A student learns one quarter from his master

The second quarter accrues from his own intelligence

The third from fellow-students

Time and experience confer the last quarter”

My dear young friends, I am sure you fully recognize that the future environment is going to be dynamic and offers plenty of scope and challenge to play your meaningful part. Our society critically depends on your contribution which can make its members healthier, stronger and more prosperous. The insight and light you have gained at the Ramaiah University of Applied Sciences through virtues and guidance of my colleagues will help

each one of you to serve as a beacon of hope to millions in this world who need your help and attention.

What you had acquired from this University and what you are today is the consummation of knowledge and experiences imparted to you by your teachers and your predecessors and the environment in which you had grown. As you enter the real world, you need to make decisive choices in shaping your destiny.

The 21st century is a century of tremendous challenges that confront us with a different perspectives. It is also a century that provides tremendous opportunities as well. Manifest your positive thinking and you are sure to make progress. From the depth of my heart, I wish and pray for your success.

present here.*

Namaskar!

I am very happy to be with you and to share your joy on this memorable occasion. It is my pleasure to be here on 7th Convocation of M S Ramaiah University of Applied Sciences, witnessing the immense potential gathered here today. Since 2014, the M S Ramaiah University of Applied Sciences (RUAS) has been imparting knowledge and skills to the young minds, the future of our country and has been making a meaningful contribution to the society and the country. Graduation is the culmination of garnered knowledge, acquired skills and proven proficiency in the

academic endeavour of one's choice. I learnt that RUAS has so far conferred 4626 degrees and in today's convocation 1866 degrees will be conferred on the students. On this momentous occasion of 7th Convocation, I congratulate all the Graduates, Medal winners and their proud parents & teachers, faculty and staff of the University.

Dear students, Convocation is a special day in the academic calendar of any institute, which marks the completion of an important phase in your academic life. You all must have worked hard, to acquire knowledge, technology and skills through various courses offered by the University. On this significant day in your life, you would be experiencing great joy to see your perseverance, hard work and commitment being realized into achievement of your goals and objectives. Today opens a door to an exciting world that awaits you. You will be an important part of the nation building process through your respective capabilities that you have acquired at the University and elsewhere. The graduation ceremony is a bridge between dreams and reality. But before you embrace reality, I must remind you to be grateful to the Almighty for bestowing you with courage and skills to overcome challenges.

This is also a day of fulfillment for your parents, who invested their hard earned money and efforts to make sure that you receive the best of education that leads to a better future for you. This day, therefore, belongs to them in equal measure. I also compliment the dedicated and committed faculty members of this institution who worked hard, to impart quality education to build the knowledge base, develop skills and inculcate values in their students to

take our country forward. The knowledge and the values you imbibed here, will guide you wherever destiny will take you in your future endeavours. I wholeheartedly wish you all to grow up to achieve great success, name, and fame and earn a grand living for themselves. But at the same time, I wish you to be good human beings. Make India and the world a better place to live in. We rely on you and this country has confidence in you.

In today's world, the meaning of the word 'self-reliance' has changed. India's fundamental thinking and future growth provides a ray of hope to the world. India's culture and tradition speaks of self-reliance, and the soul is Vasudhaiva Kutumbakam, which means "The World Is One Family." India's self-reliance is rooted in the happiness, cooperation, and peace of the world. On this day, I wish to reiterate the inspiring words of our Honorable Prime Minister, spoken on Independence Day, for achieving development for our country. He urged the youth of India to devote their 25 years of life to the nation's development, to take pride in our heritage, and fulfill their duties to achieve global harmony. Aatmanirbharata and education combined with our rich cultural heritage are the ways to achieve the grand goals of our country. I quote the words of wisdom from Nobel laureate Sir C V Raman, who said "When we import, we not only pay for our ignorance, but we also pay for our incompetence". His thought motivates us to make the self reliant India.

Presently, India is aiming to become "Aatmanirbhar" in critical technologies through the Make in India program and minimize import dependency. The country has become self-reliant in many defence technologies and is confident that existing technological gaps in certain critical, advanced technologies will be overcome in the next few years. Development of advanced technologies and systems is the only way to become a world-leading exporter of defence equipment. The synergistic approach between Academia, R&D organizations and Industries is currently being pursued in the research, development, and manufacturing of innovative, next-generation defence equipment. R&D organizations are working on development of systems through applied and translational research, in which industry is participating in a big way.

The future defence manufacturing ecosystem envisaged by the Indian government will encompass defence technologies that will be conceived, designed, developed, tested, and manufactured completely in India. To achieve this goal, the government is creating various platforms where stakeholders from the armed forces, defence R&D establishments, industries, startups, MSMEs, and academia can interact and work together. Furthermore, the government has launched various initiatives to encourage academia and industries to bring their capabilities directly to the attention of the services, with support from defence R&D. Now, in the budget announcement, good percentage of the defence research

budget is allocated to the academia, industries, and startups.

Innovation is taking place in all aspects of our life. Artificial Intelligence (AI) and Industry 4.0 (Internet of Industrial Things) are making inroads in technology. Utilizing these changes to improve our lives must be our goal. I firmly believe that the youth of our country will surely innovate, make our country strong. Academic institutes must become the hubs for fostering innovation and entrepreneurship. Dedicated laboratory spaces must be created in collaboration with research institutes to enable students to get valuable experience. Joint programs must be formulated with other academic institutions and research organizations to propel research in identified areas. Focus must be laid on setting up incubation, innovation, and research centers within the campus for studies on futuristic areas of technology. Proper mentoring by experts as and when needed must be provided.

As you are all aware, Education, Employment, Entrepreneurship, and Excellence are the drivers of success in the 21st century. Education would fetch you employment commensurate with your skills and academic calibre. Entrepreneurship is a subjective trait, one that is solely dependent on how focused and single-minded a person is, to follow his/her passion and excel in the field of choice. The passion to be job provider, not a job seeker, the passion to provide solutions to challenges – this makes all the difference. Meeting challenges of the future will require you to constantly innovate for excellence. While 'creativity' involves 'thinking' about new things, 'innovation' is about 'doing' things differently. As nation builders, we have a great responsibility towards the society. We must collectively address the challenges by providing innovative solutions. We have to continuously strive to improve the way we lead our lives. Excel in whatever task you take up. Do what is required. Do not rest; keep working in a focused manner. You will excel!

Dear students, while you are assets for this country at the same time you bear great responsibility towards it. You are now the flag-bearers of our great nation who must work hard and pass on the legacy to the generations to come. Once again, I congratulate the graduating students on their degrees and wish you all the very best in all your future endeavors. Let us join hands to build a strong India.

I would end by quoting Bharat Ratna Dr APJ Abdul Kalam, who said "A country's economic or military strength alone will not make it strong; what is needed is a sustainable, intellectual society built by the youth imbibed with values." Let us, together, work for a strong and self-reliant India.

Vice Chancellor, RUAS

Vice Chancellor's Message

It is a moment of great pleasure that we at MS Ramaiah University of Applied Sciences (RUAS) are holding the 7th Annual Convocation. I congratulate our beloved graduating students, medalists, their esteemed parents and the University.

The academic session year 2022-23 started with great enthuse. Full time classes on the campus became a normal mode of teaching-learning process. This year is special to us as we are celebrating the birth centenary year of our Founder and Chairman Dr. M.S. Ramaiah. Many activities are planned by each faculty for its celebration as a tribute to his contributions. Our students are taking active part in design and fabrication of 'Ramaiah Sat' to mark the 75th year of our Independence "Azadi Ka Amrit Mahotsav". The prestigious institutions like Ramaiah Medical College and Ramaiah Institute of Nursing and Research have got integrated with RUAS. I truly see it as a significant development in ushering into the multi-disciplinary University with varied programs and specializations. The University now has thirteen Faculties/Schools.

This graduating batch has experienced one of the toughest times in the middle of their studies due to COVID-19 pandemic. We appreciate that our beloved students followed the guidelines issued by the University from time to time for blended learning process. Despite some difficulties you made it possible to complete the degree on time due to your resilience to face any tough eventuality.

I thank you all for your active participation in the 7th Convocation of our university and wish you great luck in your future endeavors.

Vice Chancellor's Report

Most revered Dr. G. Satheesh Reddy, Scientific Advisor to Raksha Mantri, Ministry of Defence, GOI, and the Chief Guest at the 7th Annual Convocation of our University, most respected Dr M R Jayaram, Chairman Ramaiah Group of Institutions and Hon'ble Chancellor, Ramaiah University of Applied Sciences, the Hon'ble Trustees of the GEF, Shri M. R. Srinivasa Murthy Chief Executive, Gokula Education Foundation (GEF-M), esteemed members of the Board of Governors, the Board of Management and the Academic Council of the RUAS, distinguished guests from the Industry and Academia, beloved degree recipients and their proud parents; representatives of print & electronic media; members of the faculty, staff, ladies and gentlemen.

Namaste!

It is indeed a matter of great honor and privilege for me to extend a very warm and hearty welcome to you all on the most solemn occasion, the 7th Convocation of our Ramaiah University of Applied Sciences. Thank you, Hon'ble Chief guest Dr Reddy, for agreeing to be the chef guest and sparing your valuable time for us on this occasion. I am confident that your presence and address shall motivate not only our young students but one and all. My sincere thanks and gratitude to all our guests for their gracious presence at this graduation day!

The year 2022-23 is very special us in the Ramaiah Group. We are celebrating Centenary year in memory of our founder Chairman Karm Yogi Dr M S Ramaiah ji. On this occasion, we pay our heartfelt tribute to a son of the soil, who laid the foundation of the Ramaiah group by setting up its first Education Institution in the year 1962. Since then, the group has been contributing to empowering youth of this Nation by nurturing them with higher education and skills par-excellence in almost all areas of specializations. Several activities are being carried out by each of the group institutions to commemorate the centenary celebrating. Conferences, Seminars, Debates cum competitions are being held. Our "Shat Shat naman" to the noble soul.

On this occasion and to mark the 75th year of Indian Independence "Azadi ka Amrit Mahotsav", the students RUAS are developing "RAMAIAH-SAT" in association with Indian Technology Congress Association (ITCA). The objective of this satellite mission is to educate students in design, development, manufacturing, integration, testing, launching and monitoring of satellites. We believe that this project and many others being carried out at RUAS will inspire and inculcate culture of innovation amongst students. We appreciate the support provided by the GEF (M).

It is indeed an honour to inform all our guests and beloved students with pride that on 6th May 2022, Our Hon'ble Chancellor Dr M R Jayaram was conferred the "Doctorate of Humane Letters" by the University of Illinois, Chicago, USA in recognition of his valuable contribution to the society for "promoting higher education and health care" services. He is one amongst three Indian's to receive this prestigious award. Please accept our Heartiest Congratulations sir!

I would like to inform here that during Covid-19 Pandemic, Ramaiah Hospital was the first one in Bangalore which came forward to offer treatment for Covid patients. About 600 beds were dedicated for management of Covid patients. Our Doctors, Nurses and other staff of worked day and round the clock at a stretch to save many lives in this Pandemic. Our management contributed Rs. 2 Crores to the CM's relief fund and Rs.1 Crore to the PM's relief fund for facilitating treatment of Covid patients. More than one lakh Covid Vaccination was administered by Ramaiah Hospital. We wholeheartedly appreciate the Community outreach Programmes conducted by the Ramaiah Group of Institutions.

In the year 2022, the prestigious "Ramaiah Medical College" (founded in the year 1979) and Ramaiah institute of Nursing Education & Research (founded in the year 1987) got integrated with the Ramaiah University of Applied Sciences. With this, I am pleased to inform that RUAS has now thirteen faculties catering to diverse programs starting from Health Sciences to Engineering & Technology, Science & Management, Bio- Science to Social Science, Liberal Arts to Legal Science and Arts & Design. We indeed can meet the aspirations of not only the youth of this Nation but the global community with focus towards wholistic education provider which is also in tune with the New Education Policy -2020 of our country.

We received several accolades through Assessment & Accreditation Bodies for our programs:

Ramaiah Medical College received NAAC A+ Grade.

The Faculty of Dental Science at NIRF Rank 14

The Faculty of Pharmacy obtained NIRF Rank 62

The Faculty of Hospitality and Catering Technology accredited by National Board of Accreditation (NBA) for a period of three years. QS-I-GAUGE has ranked RUAS at "Gold" Category

Accredited by National Cyber Security and Safety Standards

And others....

All our programs are also recognized by the peer and regulators in HEI domains. These milestones were not possible with the full support from the Management, Trustees and the hard work put in by faculty, students, and staff.

Ramaiah University of Applied Sciences (RUAS) established in the December 2013 as a State Private University under section 2(f) of the UGC Act 1956, has grown over the years. With humble beginning, we have diversified in offering varied specializations of academic programmes at Undergraduate, Postgraduate and Ph. D levels. We are recognized amongst the leading privately managed Higher Education Institutions (HEI) of the country and the best of its kind in the Southern region. Our university has extraordinary human capabilities and potential for the development of indigenous technology, human resources, and ability of its transfer to India's corporates. At RUAS, we strive to maintain an environment that encourages scholarly inquiry and research, a spirit of creative independence and a deep

Vice Chancellor's Report

commitment towards academic excellence. We see our students as unique individuals with different interests and aspirations. The diverse programs and activities aimed at developing high mental faculties, ethical standards, social awareness, and global perspectives, makes our students to shape their own future and grow. Our students come from diverse sections of the society and aim to become global citizens through enrichment of ideas, creativity, innovation and entrepreneurship.

The University offers 40 Undergraduate [leading to MBBS, B. Tech, B. Design, BDS, BPT, B. Pharm, BHM, B.Sc. (Hons) - Life and Allied Health Sciences, Bachelor in Nursing, BBA, B. Com (Hons), B.Sc.(Hon.) Economics, B.A. (Hon.) Psychology, B.Sc. Data Sciences, B.A. (Hon.) Sociology, BA LL.B.(Hons), B.Sc. LL.B.(Hons)], 80 Postgraduate programs [leading to D.M M.Ch, M. Tech, M.B.A, M.Sc., M. Des, M D S, M. Pharm, M. Com, M. H. A, M.Sc., M.A. in Public Policy] and the Doctoral program leading to Ph.D. degree is offered in all thrust areas of specializations wherein RUAS has expertise and infrastructural support system. All our programs and specializations are given high ranking by the academic peers throughout the country. I am pleased to inform that RUAS continues to attract some of the most talented and highly motivated students.

The salient features of the academic programs are semester-wise choice-based credit system (CBCS), letter grades, and continuous evaluation of the student performance, course-wise promotion and the flexibility to allow the students to select courses and move at an optimum pace suited to their ability, capacity and

interest. However, programs structure, its duration and deliverables are as per the directions of the regulatory bodies.

As a part of the guidelines from the Skill Development Council of India, we took several initiatives and started B. Voc. Programmes covering various courses on skilling, start- up and Entrepreneurship to align students and educating them towards national goals and priorities.

We all are aware that during the previous two years, the COVID-19 pandemic deeply affected normal life across including the Education Institutions. Being in the middle of the degree program, I am certain dear students, you must have faced many challenges. Believe me, we were very much concerned about our academic commitments towards you all like class participation, lectures delivery, timely conduct of examinations, and declaration of the result so that you don't lose on the academic-learning and creativity front. Our faculty and staff members were helpful and cooperative in quickly adopting to the new norm like blended learning for almost two years.

I wish to complement our beloved students who followed our advice and the guidance of the University from time to time.

Today's Convocation is one such event wherein 1866 students have successfully and timely completed requirements for the award of their degree.

This brief report provides a summary of our activities, achievements, and accomplishments in the different spheres at RUAS during the year 2021-22.

1.0 THE 7th CONVOCATION

At this Convocation, a total of 1866 degrees are being awarded: 14 in Ph.D., 01 M.Phil, 01 M.S by (Research) 639 in Postgraduate, 1070 in Undergraduate, and 116 B.Voc, 25 PG Diploma, These degrees cover a wide range of disciplines and specializations offered by the University.

2.0 ADMISSIONS

Programmes offered by RUAS are duly approved by regulatory apex bodies such as AICTE, Karnataka State Higher Education Council (KSHEC), National Medical Council, Pharmacy Council of India (PCI), Dental Council of India (DCI), Bar Council of India (BCI), Indian Nursing Council (INC). The admissions to the Undergraduate and Postgraduate programs were made based on score in competitive Examinations like NEET, KCET, Comed-K, and University Entrance Test (RUAS-AT), JEE Mains rank. I am very happy to report that we attracted meritorious students across the country in all programmes. The strength of full time Ph.D. students has increased significantly over the years.

It is heartening to inform that the Academic session started 2022-23 in the normal physical interaction mode on the campus. The orientation cum Induction program for freshers was organized for about two weeks. It was designed to make new entrants adapt to the environment and understand the academic eco-system at RUAS. Motivational lectures were delivered by eminent Professors, corporate experts, and our beloved Alumni. We are aware that a well-trained professional is expected to possess knowledge of basic and applied scientific methods, an in-depth understanding of professional competency in his/her area of specialization, versatility to work with inter-disciplinary groups and sensitivity to the needs and aspirations of the industry, and society at large.

At RUAS, we have taken initiatives to implement the recommendations of the New Education Policy NEP-2020. A Task Force and a working group with members from diverse specializations is working on its implementation across the University programs subject to the directions from the respective regulators. I am pleased to share with you all, that the NEP -2020 recommendations have been implemented in programs offered by the following faculties/schools:

1. Faculty of Allied & Health Sciences
2. Faculty of Art & Design
3. Faculty of Hotel Management & Catering Technology
4. Faculty of Management & Commerce
5. Faculty of Mathematical and Physical Sciences
6. School of Law
7. School of Social Sciences

Other faculties have implemented few elements of NEP 2020 like Value Added Courses, Internship programs and Research Projects formulations within the purview of their regulatory body provisions.

The academic system in RUAS encourages an in-built flexibility and choice of courses across streams. The respective Board of Studies deliberate on it and approval is granted from the Academic Council. However, the minor changes, if required in the curriculum, based on the academic feed-back from the stakeholders, can be implemented at any point of time after approval from statutory committees.

All academic activities under the Student Life Cycle Module (SLCM) such as registration, conduct of examination, central repository of marks and grades of the students and student's feedback survey etc are accomplished using ERP system. Online facility for registration, date-sheet, seating plan, and duty chart hall ticket have been provided to all the concerned users through this system. Usage of information and communication technology (ICT) is emphasized for the teaching-learning process.

3.0 FACULTY

One of the constraints in the growth of the higher education in the country is lack of qualified and experienced resources and then attracting them towards the teaching fold. RUAS has made efforts for recruitment and retention of dedicated faculty who have passion for Teaching, Learning, Service and Research. Candidates holding PhD degree, post-doctoral experience from premier Higher Education Institute (HEI's) have been recruited to provide better guidance and mentorship to the students. To provide impetus to the efforts and facilitate selection cum induction of highly qualified faculty members at the entry and higher levels, we entertain applications throughout the year.

We also appoint distinguished professionals as Adjunct Professor, Visiting Professor, Professor of Practice to the University. They bring in rich experience of both academia cognate corporates and administration to support the experiential learning culture at the RUAS.

We encourage faculty members to a form liaison with our overseas collaborators for joint research projects, Publications and post-doctoral work. Dr. Arun D and Dr. Karthik worked in University of Colorado for USA their post-doctoral work. About 40 faculty members received awards & citations in various prestigious event in India & overseas.

Ramaiah University of Applied Sciences celebrates Teacher's Day every year and, on this occasion, faculty and Staff are honoured in recognition of their contributions and services towards students and the University.

We have established three new Centres in RUAS during 2022:

- 1) Centre for Professional Development & Training (CPDT)
- 2) Centre for Entrepreneurship (COE)
- 3) Resource Centre National Cyber safety and security standards (CNCSSS)

These centres shall play a significant role to enhance faculty training and develop them capabilities in other domain areas. CPDT shall provide Professional Training to the new recruits, identify the gaps if any amongst the faculty cum staff with respect to futuristic learning skills, develop and deliver Faculty Development Programs (FDP), Management Development Programs (MDP) and Leadership Development Programs (LDP) in order to enhance the inhouse capabilities amongst the important stake holders like faculty and staff. Faculty members are encouraged to attend International/National Conference to share knowledge and present their R&D findings in various professional Forums.

Centre for Entrepreneurship will train our students and align their interest towards choosing start-up and Entrepreneurship and Innovation as a profession. We have introduced a subject on Entrepreneurship and innovation for all undergraduate students in 3/4th semester. I am certain that they will become job providers rather than job seekers.

RUAS is a nodal institution for CNCSSS. Its vision is to safeguard the nation from current the current threats in cyber space. The students will be trained in this direction, and we shall develop human resource for our nation.

The University has six well equipped Libraries with archives, latest collection of books and e-resources. The faculty and students make best use of this facility.

4.0 STIMULATING RESEARCH AND DEVELOPMENT

Research is an integral component of academic learning and knowledge creation at our university. RUAS ensures a vibrant eco-system for Research with numerous dedicated and well-equipped Research Centres across the multi-disciplinary specializations.

In the year under reference , faculty members published 347 research papers in high impact International/National journals listed in Scopus/WOS/SCI/SSCI. About 150 research papers were presented /published in conferences proceedings, seminars, and workshops. I am happy to share that the RUAS has achieved h-Index of 39 in a short span of time.

RUAS provides financial support to its faculty members in the form of Seed Money, Research Grant, from its own resources for stimulating their Research and Development, innovative ideas. Several UG and PG students also carry out their dissertations and projects under this grant. The outcomes are accessed in the form of good quality publications in high impact journals with a goal to patent the ideas. To give further boost to our research programs, we provide Fellowships to full time PhD students (40 JRF and 20 SRF). 10 Post PhD fellowships are also provided to students. It will certainly encourage students to work on futuristic cutting edge thrust area of research which align towards to local/National priorities and goals.

The University has been actively working with National and International organizations in government, public and private sectors to carryout sponsored research and create knowledge for the benefit of the Society. Research Organizations like ISRO, DRDO, DST, SERB, DBT, ICMR and Central Ministries like Power, New and Renewable Energy, Human Resources, Agriculture, IT and Electronics and Industries have provided financial and support in the form of sponsored research grants. So far the University faculties have undertaken more than 124 funded sponsored research projects and have filed more than 190 patents.

The research programs could originate from industry, research establishments and/or business organizations. The focus of the applied Research Program is:

1. To produce researchers who can advance theory and practice in STEM, Health, Social Sciences, Hotel Management and Business, and thus enhance the contribution towards Society
2. To encourage creativity, analytical thinking, critical analysis, and innovative problem-solving
3. To develop within each candidate the expertise and skills necessary to be an effective educator
4. To produce graduates with better capabilities in leadership and managing change considering the expertise available and future trends

Centres of Excellence are being set up in the following broad areas of specialization:

1. Materials Research
2. Artificial Intelligence, Machine Learning, Data Sciences and Computational Sciences
3. Photonics, Signal Processing and Communication Technologies
4. Inter-disciplinary Centre for Bio – Medical Engineering and Health Sciences

5.0 RAMAIAH TECHNOLOGY BUSINESS INCUBATOR (RTBI):

RTBI is a non-profit entity under Start-up Policy is supported by the of Government of Karnataka (GoK) and RUAS. RTBI provides incubation services to start-ups like Infrastructure, Equipment, Mentoring, Branding, Networking, Legal, Financial, Technical, Intellectual Property related Services. RTBI helps the selected start-ups operating in and contributing to various sectors like Internet of Things, Electronic System Design and Manufacturing, Robotics and Intelligent Systems. RTBI supports to achieve speedy commercialization of the Technologies developed by the host Institutions to promote and nurture novel technology/innovation-based start-ups. RTBI aims at building a vibrant start-up ecosystem by establishing network between RUAS, financial institutions, industries, and other institutions. 18 technology start-ups are working under RTBI. Many technologies developed under RTBI umbrella are patented. RTBI completed 1st phase of 5 Years term (2018-23).

6.0 TECHNO CENTRE

The Techno Centre was established on our Technology campus in the year 2000. Its focus is towards Consultancy, in the areas of Product Design, Bio-Medical Design, Electronic System Design and Development division of Ramaiah University of Applied Sciences. During the last decade, this center has provided cost effective, on time solutions and guidance to its vast clientele, which include Public Sector organizations, Industry, Businesses, R&D Organizations and Individuals/Entrepreneurs.

This Centre has executed, **525+**projects for Public sector unit, **100+**projects for SME & MSMES (private Industries) and several Projects related to Biomedical Engineering. Patents have been filed for in-house developed technologies **and transferred the technologies to industries for further commercialization program.**

The manpower support comprises team of dedicated engineers, our expert faculty members, the business team, and students. It provides insights in the practical aspects of our engineering problems solutions at UG and PG levels.

7.0 RAMAIAH ADVANCED LEARNING CENTRE (R-ALC):

The Ramaiah Advanced Learning Centre (ALC) is a first of its kind, state-of-the- art facility in India. Established in the year 2012 by the Gokula Education Foundation (Medical), it provides a platform for Skills training in both Surgical as well as medical specialties for students as well as Professionals from all health Science verticals. The Centre, within the 50,000 sq feet area has simulation labs with simple manikins to high-end virtual simulators like the SimMan 3 G, Lap -mentor, Broncho-mentor.

The under-graduate as well as Post graduate students from the Medical College as well as Nursing College students undergo skills training in these labs under the supervision of their faculty. The Surgical skills training lab in this centre is one of the biggest in the country with 16 stations where hands-on- training in various surgical specialties like Orthopedics, Neuro-surgery, OB-GYN, ENT, Ophthalmology and others is conducted. From Basic anatomy to Robotic training in laparoscopic as well as joint replacement surgeries happen regularly. Many R & D as well as validation for implants and other collaborative projects with Industry partners are hosted. I am very pleased to inform that more than 25,000 delegates from across the country and overseas have been trained at the centre.

The Centre also has a State Government recognized Tissue Bank which provides bone allografts and other tissues.

8.0 CAMPUS PLACEMENT

The academic year 2021-22 saw a very good growth in the campus recruitment drive. Training Session were conducted on soft skills, finishing school and corporate training. 255 companies visited RUAS for campus hiring. 800 Job offers were made to our students. More than 10% students opted to join higher studies in Premier institutions in Indian and overseas. The highest salary package was Rs. 45 Lakh per Annum to Ms. Amritha Patil in Amazon as Software Engineer. Our efforts are for providing better opportunities to the students for career growth through carrier guides and comparing by our faculty and experts proves very effective.

National Anthem

Jana-gana-mana-adhinayaka, jaya he
Bharata-bhagya-vidhata
Punjab-Sindhu-Gujarata-Maratha-
Dravida-Utkala-Banga
Vindhya-Himachala-Yamuna-Ganga
Uchchala-Jaladhi-taranga
Tava shubha name jage
Tava shubha ashish maange
Gahe tava jaya-gatha
Jana-gana-mangala-dayaka jaya he
Bharata-bhagya-vidhata
Jaya he, jaya he, jaya he
Jaya jaya jaya, jaya he !

The following is Tagore's English rendering of this stanza:

Thou art the rulers of the minds of all people,
dispenser of India's destiny.
Thy name rouses the hearts of Punjab, Sind,
Gujarat and Maratha, Of the Dravida and Orissa
and Bengal;
It echoes in the hills of the Vindhyas and
Himalayas, mingles in the music of Yamuna and
Ganga and is chanted by the waves of the
Indian Sea. They pray for thy blessings and sing
thy praise. The saving of all people waits in thy
hand, thou dispenser of India's destiny,
Victory, victory, victory to thee.

After the national anthem, the dignitaries on the dias leave the auditorium in ceremonial procession. The audience are requested to stand till the ceremonial procession is completed.

Pledge

"I pledge my knowledge and intellectual attainment to humanity. I shall use it in a manner befitting the honour and dignity of my country and of my alma mater. I shall make every effort, in all circumstances, to uphold the dignity of my profession and integrity of character. I shall endeavour, in every way, through thought, word and action, to bring about the well being of people. I shall live a well-disciplined life and shall never forget the commandment of the sacred scriptures and University Motto:

"Thou shalt perform deeds that are commendable and no others."

"Truth Triumphs; Falsehood Never"
